

TEAM JERSEYS

CUSTOM ORDER INFORMATION

Creating a custom team jersey is a great way to show team spirit, honor those for whom you ride and to make an incredible fashion statement.

GETTING STARTED

You are free to work with any jersey manufacturer. We work with Voler, so they have all of our artwork on-hand. They also have a team of designers ready to help and they donate 15% of any custom jersey order back to Obliteride. Voler's contact info is below.

There are two ways to personalize jerseys:

1. Semi-custom: start with a template and personalize sections on the jerseys.
2. Complete custom: start with a blank slate and design away!

Semi-custom jerseys have a few design limitations, but are generally cheaper and require less time. Complete custom orders require a longer lead time, but allow for full personalization. The chart below summarizes this.

Production slots are limited, so please call Voler as soon is feasible regardless of the option you choose.

Contact the Voler sales department **as soon as you can** to get started at sales@voler.com or call 1-800-488-6537.

	Semi-Custom	Full Custom
Lead time to have jerseys Obliteride weekend	Two weeks	Please contact Voler to set up your ship window.
